No. 45. PORTRAIT OF WASHINGTON, BY STUART. George Washington, "Father of his Country," was born in Westmoreland County, Virginia, February 22, 1732; left school at the age of sixteen and became a surveyor; at nineteen was appointed Major and Adjutant General preparatory to his selection for service as messenger from the Virginian to the French Governor in 1753-54. Became Colonel and continued in the army until 1759, when he married, and in the same year entered the Virginia House of Burgesses, and for several years led the life of a planter at Mt. Vernon. Was a delegate to the first and second Continental Congresses and by the latter was appointed Commander-in-Chief, June 17, 1775, and took command of the army. Took leave of the army and officers and resigned his command Dec. 23, 1783, presided over the Federal Convention of 1787, of which he was the unanimous choice for President, and was inaugurated at New York, April 30, 1789. Elected again without opposition, he served as President of the United States until 1797; died at Mt. Vernon, Dec. 14, 1799. (See cards Nos. 33, 35, 39, 41, 45 and 46.)

APPLE BLOSSOMS.

My orchard in the spring-tide
Is fragrant with delight,
The apple blossoms overhead,
Are rosy pink and white.
Each tree, all petal laden,
Is fair for eye to see,
But fairer far the maiden,
That cometh there to me.

134. THE VOLUNTEER ORGANIST (3).

Each eye shed tears within that church,
The strongest men grew pale:
The organist in melody
Had told his own life's tale;
The sermon of the preacher
Was no lesson to compare
With that of life's example
Who sat in the organ chair.

MORRO CASTLE—NEW

This fine old fortress of solid stone was built in 1587 by Philip II of Spain of whom it was said: "the Sun never sets on his dominions." In 1762 the English attacked Havana and this fort made a glorious defense, being assaulted by land. The tower was built in 1844 for a lighthouse. Morro Castle being no longer needed as a fortress is now used as a Military Academy.

At the foreground appear the walls of Matanzas which is being enlarged in order to follow around Punta Fort in a wide avenue until the center of old town where San Francisco wharf stands, joining there a new wide avenue ending at Capitol.

I have just passed
 Miami & could
 see the big beach
 in the distance.
